## About This Game

First-person haptic turn-based VR game using PC / HTC-Vive

- Toy Tank Story -  
When the future.

As technology advances, people's entertainment culture gradually evolves.

The distinction between reality and game is blurred,

At that time, the game won great wealth and honor

For half a century, the chairman of a big company who dominated the game industry has become worse.

That is,

He announced the launch of a new tank game battle game contest at the announcement of a new game that might be his last.

And I put on a tremendous prize that would amaze everyone.

So worldwide.
